

## RISO ME9450U

### Print from RISO LAB imac:

You can print from the imac in the RISO rm. Just log in with net id / pass to access the driver.

### Print from personal laptop (mac instructions):

The printer isn't network enabled meaning you have to plug in via USB cord to print to it from your laptop.

1. Go here <https://www.riso.com/download/>
2. Series Category: Duplicator / Device: ME
3. Select OS
4. "Download"
5. Click on the ME 9 Series
6. Download ME 9x5xU Series
7. Unzip / Open ME 9 Series Folder / Install ME 9x5xU Series Installer
8. When prompted, Serial Key: 01821071
9. Plug your laptop in VIA USB to the RISO
10. Go to / Printers and Scanners / Add Printer / Choose RISO
