Yale Graphic Design Risograph
Color Separations
and Driver Instructions

Quick Links

Full RISO training video (Thanks to Luiza!)

Instructions for setting up your color separations in Photoshop and printing to the RISO from your computer (Thanks to Anahita!)

Download the driver*

1. Go to the following link:
   https://www.riso.com/download/

2. From "Series Category" dropdown, choose "Duplicator"

3. From "Series" dropdown, choose "ME Series"

4. Click on your OS, then click "Download"

5. Once you've downloaded and un-zipped the folder, locate and open the "ME 9 Series" folder

6. Double-click on the ME 9x5xU file to run the installer

7. When prompted, enter serial key 01821071

*Only necessary if you want to print from a computer.
